

TESTIMONIALS

"After numerous failed attempts to remove a stain that was over 1 year old from my son's favorite shirt, it was just Orange that finally did the trick. One wash later and it was gone! Bonnie, Bedford, NH

"I turned my back for just one minute and the girls had taken a crayon up and down a 10' section of the wall. I thought I would never get it off. I sprayed my just Orange-full concentrate and used my microfiber cloth to wipe the marks completely off the wall!!" Nicole Bedford, NH

We have received many testimonials from customers who have expressed how pleased they are with the just Orange concentrate on removing stubborn grease stains from clothing that had already been laundered over and over.

"Great for ants too! I had read somewhere that orange oil was great for tackling ant problems. We had a big infestation of ants so I decided to give just Orange a try. My husband sprayed the concentrate across the path that the ants were traveling and the next day, and for days after that, all I found were dead ants!!" Karen Girardo, Owner, just naturals & co.

CAUTION: COMBUSTIBLE. Keep away from sparks or open flame. **MILD EYE IRRITANT:** Avoid contact with eyes. Persons sensitive to citrus products should avoid prolonged contact with skin. For skin irritation or eye contact flush with cold water. Contains mild surfactants. **DO NOT DRINK.**

just Orange

safe for your family
and your planet....

just Orange

100%

concentrated
multi-purpose
liquid cleaner
&
degreaser

just Orange is

- non-toxic
- non-caustic
- non-abrasive
- biodegradable

just Orange is one powerful cleaner and degreaser for household, workshop and automotive clean ups.

just Orange gets its strength from nature. This makes it safer. Its' natural formula contains super concentrated, citrus type oils which powerfully, instantly and completely clean the greasiest, grimeiest surfaces. Because it is concentrated it is economical.

just Orange quickly, easily and safely removes: grease, oil, wet paint, adhesives, tree sap, road tar and much more!!

just Orange has been consumer tested and proven to be more effective than other cleaners even in industrial environments.

Even though just Orange is powerful, it is gentle on people and the environment because it is **non-toxic, non-caustic, non-abrasive, biodegradable**, and it smells great, too!!!!

Please read caution (on back panel) before using product.

just Orange is economical

usage and dilution ratios:

1. pour just Orange into cold water as instructed below.
2. for best shine, rinse with cold water.
3. for hard to remove soils, let sit for several minutes.

not for use on:

- lacquer finishes
- styrene plastics
- natural rubber.

If unsure about surface, test on an inconspicuous area.

ready to use spray bottle solution:

- 3 tsp. / 1 qt. of cold water**
- stove top, microwave
 - greasy cupboards
 - counters, sinks
 - baths & showers
 - porcelain fixtures & tile

full concentrate:

- laundry - spray concentrate directly onto grease and oil stains before laundering
- stubborn oven cleaning needs
- dry painted surfaces
- crayon marks

general purpose and light duty jobs:

- 1 oz. / 1 gal. of cold water**
- floors, walls
 - fiberglass, shelves
 - outdoor furniture, vinyl
 - screens

medium duty jobs:

- 2 oz. / 1 gal. of cold water**
- carpets & upholstery
 - wax stripper
 - vents & gutters
 - floor mats
 - siding
 - doorframes
 - work surfaces

heavy duty, hard to remove soils:

- 4 oz. / 1 qt. cold water**
- oven cleaner
 - tar & adhesives
 - blood
 - grease
 - barbecue grills
 - tree sap
 - water deposits
 - tools & engines
 - driveways & concrete

whatever project you tackle, just Orange is one of the best cleaners you will ever use!!!
