Elite Serum is scientifically designed to actively fight...

*Dark Circles under the eyes:* A recent clinical study by SeDerma® concluded that Haloxyl® reduces dark

circles under the eyes by 600%. This is the result of the proprietary way that Haloxyl® breaks down and flushes out of the eye area the toxin-formed pigmented blood that causes these dark circles to form.

*Wrinkles and fine lines around the eyes:* A well-attended double blind trial by Center Chem® demonstrated that in only 28 days, the subjects experienced an average of a 32% decrease in wrinkle depth when applying an Argireline® based cream.

*Eye Puffiness:* A clinical 3D morphometric study by SeDerma® has shown that subjects experienced a 70% reduction in eye puffiness and "bag" volume after applying a serum with a combination of Eyeliss with Haloxyl®.

Elite Serum also contains powerful anti-oxidants like Açai Berry and Resveratrol, along with the natural muscle tranquilizer GABA and ultra-hydrator Aloe Vera.

### InfiniteAloe® – Beauty Secrets

So lovely was Queen Cleopatra of Egypt that her beauty regimen was talked about for more than 2,000 years. What was her secret? A primary ingredient was Aloe Vera, well known by ancient healers to smooth, soften and give skin a youthful, radiant glow.

Cleopatra knew what science today is beginning to discover: that Organic Aloe Vera, along with essential oils and extracts will penetrate deep into the skin & moisturize, feeding your body with nutrients for skin that's baby soft and smooth.

Did you know Aloe Vera is one unique variety among more than 357 kinds of Aloe? Studies have shown its benefits for dry skin and as a healing agent for burns: its thick leaves contain a gel rich with vitamins and minerals as well as potent

anti-inflammatory and antiseptic properties.

Add to that soothing Chamomile extract. Chamomile has been used in topical creams since the early 1920s and several German clinical studies have proven it is effective to assist eczema.

These are just two of the many natural ingredients you'll find in InfiniteAloe® Skin Care. That's why we receive thousands of testimonials attesting to the results. We are grateful to add more beauty to this world and help people feel more comfortable in their own skin.
